

Denton Police are experiencing a rash of reports for thefts from motor vehicles. Most of these vehicles are left unlocked with valuable property inside. We would like to remind our citizens of the following safety tips to help guard your belongings:

- **LOCK YOUR VEHICLE**

Always double check to ensure that all windows are up and doors are locked.

- **TAKE YOUR KEYS**

Never leave keys inside a vehicle, even if you lock a key inside.

- **DO NOT LEAVE VALUABLE PROPERTY IN PLAIN SIGHT**

Be sure to conceal any property, such as GPS devices, Satellite Radios, Computers, etc. These items are targets for thieves.

Following these simple guidelines will deter thieves, protect you and your property and keep our community a safer place to call home.
